

Vanessa I. Cedeno-Mieles – CV

Address	Guayaquil, Ecuador	Web page	https://vcedeno.github.io
Date of Birth	13 th December 1983	Email	vanessaicm@gmail.com
Nationality	Ecuadorian		vcedeno@espol.edu.ec

Research Interest

My research interests include machine learning, data mining, simulations and networked online social science experiments. By using online controlled networked temporal social science experiments I am able to study social behavior to explore phenomena such as collective identity. My work have uncovered interesting insights about social phenomena through data analysis, simulation and modeling.

To summarize my work I have build composable and extensible automated software pipelines for (i) experimental data transformation; (ii) data analytics; (iii) model property inference; (iv) modeling and simulation; and (v) results analysis and comparisons between experimental data and model predictions. Also, I have provided multiple formalisms, for a data model, a dynamical systems computational model, and a pipelines model that underpin the environment. I have demonstrated the usefulness of the pipeline system by creating different types of models (e.g mechanistic and data-driven agent-based models) in order to simulate experiments. The benefit of this research is that different configurations of the experiment can be run faster and more economically, and over a greater range of conditions, than can be done with conventional experiments.

Education

2014-2019 Ph.D. in Computer Science - Virginia Tech, USA

Relevant Coursework:

-User Interface Software -Advanced Database Systems
-Inf. Storage and Retrieval -Randomized Algorithms
-Inf. Visualization

Cumulative average: 3.78/4

2008-2010 Master of Science in Computer Science - Florida State University, USA

Relevant Coursework:

-Database Systems -Advanced Topics in Data Management - Advanced Algorithms
-Computer Architecture -Data and Computer Communications
-Distributed Systems -Computer and Network Administration

Cumulative average: 3.08/4

2002-2007 B. SC. In Computer Science - Escuela Superior Politecnica del Litoral, Ecuador

Relevant Coursework:

-Discrete Mathematics -Programming Fundamentals
-Algorithms Analysis -Programming Languages
-Database Systems -Distributed Systems
-Software Engineering -Operative Systems

Cumulative average: 3.4/4

Class Rank: 1/11 (Top 9.09%)

Technical Skills

■ Used actively

Python, C, C++, Java, Apache, Pandas, R, CSS, Git, HTML, JQuery, JavaScript, Bootstrap, Linux, MySQL, Oracle, OSX, Ruby, Ruby on Rails, Amazon EC2, SQL, SQLite, XML, ASP, PHP, R, Hadoop, D3.js

- **Used when needed**

JXTA, AJAX, Oracle Forms, Oracle reports, PostgreSQL, Sybase, Windows

- **Used, but mostly forgotten**

Pascal, ML, FreeBSD, Squeak, Photoshop

- Adaptation of a Collaborative Filtering Recommender Based on the User for Creating an Undergraduate Courses Recommender Based on Student Performance History. By Del Pino, J., Salazar, G., Cedenio, V. Revista Tecnológica ESPOL - RTE, Vol. 24, N. 2, 29 - 34 (December, 2011). ISSN: 1390-3659.

- **Master Project:** Comparing HadoopDB: A hybrid of DBMS and MapReduce technologies with the DBMS PostgreSQL. Grade:10/10. (April 2010) **Description:** Compare the response time of different types of queries using HadoopDB with PostgreSQL, only against PostgreSQL. Experiments were performed with 8 computers to allow data sharing between different nodes in the cluster.
- **Bachelor Thesis:** Design and development of a P2P messaging application for ESPOL using JXTA technology. Grade: 10/10. (February 2007)
- Design and development of a P2P messaging application for ESPOL using JXTA technology. By V. Cedenno, X. Calle. Revista Tecnologica ESPOL, Vol. 19, N. 1, 93-98, (October, 2006), ISSN : 0257-1749

Groups & Workshops

- The 14th Women in Machine Learning (WiML) Workshop colocated with NeurIPS2019, Vancouver, Canada. Poster. 12/9/2019
- The Broadening Participation in Data Mining Program (BPDM) colocated with the ACM SIGKDD 2016 Conference on Knowledge Discovery and Data Mining in San Francisco, CA. 8/12/2016-8/13/2016
- Conference Chair. Association of Women in Computing. Virginia Tech Chapter. 08/2016

Research Experience

July 2020 - Present ESPOL, Escuela Superior Politecnica del Litoral, Computer Science Department, Guayaquil, Ecuador
Researcher, Professor

Research: Data analysis, modeling and simulation of networked online social science experiments. Courses: Database Systems, Advanced Database Systems, Programming Fundamentals.

Technologies: Python, R, MySQL.

Jan 2015 - May 2019 Network Dynamics and Simulation Science Laboratory, Blacksburg, VA, United States.
Graduate Research Assistant

Now the Biocomplexity Institute and Initiative at University of Virginia, Charlottesville, VA, United States. Data analysis, modeling and simulation of networked online social science experiments.

Technologies: Python, Java, PostgreSQL.

May 2016 - Aug 2016 Lawrence Livermore National Laboratory, Livermore, CA, United States
Computation Summer Intern

High Performance Computing Data Analysis.

Technologies: Python, R.

May 2012 - Dec 2012 CTI - ESPOL, Technology Research Center, Guayaquil, Ecuador
Researcher, Project leader, Database Administrator

Analysis, design and development of the Project, Nivelacion, which objective is to manage the courses Students in Ecuador need to take after high school and before entering a University.

Technologies: Ruby on Rails, MySQL.

Mar 2006 - May 2006 Bank of Guayaquil, Guayaquil, Ecuador
Internship

- System department in the area of Information Technologies of Banco de Guayaquil
- Research for the development of the project, Reference Letters, a bank system to print bank references for clients.
- Development of the web page, Survey of Hobbies and Interest.

Technologies: C#, ASP.Net

Mar 2005 - Electric Enterprise, Guayaquil, Ecuador

May 2005 *Internship*

- Department of Technology, Processes and Systems Development
- Development of the visualization of specific data and summaries, for the CATEG Budget System.

Technologies: Oracle Developer

Research Advising

Undergraduate Student Graduated, Thesis or Project Based

- Loor, M., Loor, F. Training of a predictive model of bank customer defection using Mahout, 2011.

Teaching Experience

- Department of Computer Science, Virginia Tech, Fall 2014
Title: Graduate Teaching Assistant
Course: CS 5614 - Big Data Management Systems
Tasks: Creating assignments, grading homework and project proposals.
- 10/08/2014 Substitute Lecture for Virginia Tech CS 5614 - Big Data Management Systems
Lecture 12: Frequent Itemsets
- School of Electrical Engineering and Computer Science, Escuela Superior Politecnica del Litoral, Guayaquil, Ecuador, 2010-Present
Title: Tenure Track Professor
Undergraduate Courses Taught: FIEC05553-Database Systems I, FIEC05355-Database Systems II, FIEC04341-Programming Fundamentals Graduation Seminar Taught: Massive and Scalable Data Processing.
Tasks: Career coordinator for Computer Science orientation Technological Systems.
- Department of Computer Science, Florida State University, 2008-2010
Title: Teaching Assistant
Course: CGS2060 - Computer Literacy
Tasks: Teaching lab procedures, grading homework and exams.

Professional Experience

- July 2019 - Present** - ESPOL, Escuela Superior Politecnica del Litoral, Guayaquil, Ecuador
Tenure Track Professor
Courses: Database Systems, Advanced Database Systems, Programming Fundamentals
- Aug 2014 - Dec 2014** - Virginia Tech, Blacksburg, Virginia
Graduate Teaching Assistant
- Course: CS 5614 - Big Data Management Systems
- May 2010 - July 2014** - ESPOL, Escuela Superior Politecnica del Litoral, Guayaquil, Ecuador
Tenure Track Professor
Career coordinator for Computer Science orientation Technological Systems
Courses: Database Systems, Advanced Database Systems and Programming Fundamentals, Massive and Scalable Data Processing
- Aug 2008 - Dec 2009** - Florida State University, Computer Science Department, Tallahassee, Florida
Lab helper
Career coordinator for Computer Science orientation Technological Systems
Courses: Computer Literacy
- July 2007 - July 2008** - Electric Enterprise, Guayaquil, Ecuador
Developer
Development of a Logistic System
Technologies: Java, JDeveloper and Oracle
- June 2006 - June 2007** - Llerena and Llerena Software Company, Guayaquil, Ecuador
Project manager
Llerena and Llerena Software Company provides services to the System department in the area of Information Technologies of Banco de Guayaquil.
- Analysis, design and development of the Project Cardholder which objective is to manage the inventory, emission, print, delivery of the cards of the bank and all the processes that take place in the transactional service, that relates with the use of the cards
- Technologies:** C#

Professional Affiliations

- Institute of Electrical and Electronics Engineers (IEEE)
- Association for Computing Machinery (ACM)

Professional Activities

- **Services:** Contest Organizer, Android Application Development, sponsored by ESPOL and Samsung Electronics. 06/2011-10/2011
- **Member of Committees:** Panelist for the election of members of Fulbright Scholarships 2011-2012.

Honors and Awards

- **Nov 2011 - Teaching Merit Diploma:** Awarded by ESPOL, for having obtained a high score in the work as a Professor of the School of Electrical Engineering and Computer Science. In the 2010-2011 period.
- **Mar 2008 - Tuition scholarship and Teaching Assistantship from Florida State University:** Scholarship for Master of Science in Computer Science. August 2008-April 2010.
- **Aug 2007 - FULBRIGHT-SENACYT Scholarship:** Scholarship for Master in the USA. August 2008 - May 2010.
- **Oct 2006 - Academic Award, Mejor egresado, from ESPOL, Escuela Superior Politecnica del Litoral:** Given to the student who attained the highest average grade between the students that finished the coursework for the major Computer Engineering, specialization Information Systems. For the academic year 2005-2006.
- **Oct 2005 - Academic Award from ESPOL, Escuela Superior Politecnica del Litoral:** Given to the student who attained the highest average grade between the students of the major Computer Engineering, specialization Information Systems. For the academic year 2004-2005.

Certificates

- **August 2008:** Certificate for the Program for Instructional Excellence. Florida State University, Tallahassee, Florida.
- **March 2005:** Certificate for approving the Seminar, Object Oriented Business Modeling. Dictated by the ESPOL, Escuela Superior Politecnica del Litoral

Languages

- **First Language:** Spanish.
- **English:** High level (Reading, writing and conversation). 107 TOEFL iBT.
- **French:** Medium level, (Reading, writing and conversation). Studies in the Alliance Francaise of Guayaquil.

Interests

- **Cooking**
- **Traveling**
- **Reading**
- **Skiing**
